

Classroom Connect

OVERVIEW

What is Classroom Connect?

Connecting Schools & Sponsors for Remote Engagement

We know that for many of our sponsors, forging deeper connections with sponsored schools and engaging with students to connect digital learning to real-life lessons is important, particularly in this unprecedented time of remote learning!

What is it?

A scalable solution to connect our sponsors and students. Customer Success Leads can turn on this feature which will allow teachers to request sponsor interaction right from their course dashboard.

EVERFI from Blackbaud

EVERFI, Inc., a Blackbaud company, empowers educators to bring real-world learning into the classroom and equip students with the skills they need for success - now and in the future. Three out of five U.S. school districts use EVERFI's digital resources to teach topics like financial literacy, social-emotional learning, career readiness, and prevention education.

How does it work?

The volunteer opportunities come as a direct request from teachers participating in the program. To request a visit, teachers 'raise their hand' by clicking a button in the teacher dashboard of the EVERFI platform. Only teachers that are part of the Anthem Medicaid *Understanding Mental Wellness* program, are able to request virtual visits. They must be teachers at an Anthem Medicaid's sponsored school and are encouraged to have started the digital course with their students.

STEP 1

Confirm Final Logistics with Teachers

Anthem Medicaid point person to confirm final logistics with the teacher and adjust run of show and planned activities accordingly.

STEP 2

Host the Event

Anthem Medicaid provides a special learning opportunity to students.

STEP 3

Send Thank You Note

Anthem Medicaid point person sends thank you note to teacher and school leadership

STEP 4

Complete Follow Up Survey

Anthem Medicaid point person share post-event survey for Event Lead and any volunteers to complete.
