

Together We Can Help Students Make Safe & Healthy Decisions About Prescription Medications

The Prescription Drug Safety Network is proud to provide a school-based prevention program that empowers teens with the knowledge and skills to make safe and healthy decisions about prescription medications.

powered by EVERFI

Prescription Drug Safety Course

Developed by the nation's leading education technology company, EVERFI, the digital course empowers high school students with the knowledge and skills to make healthy, informed decisions when it comes to prescription medications.

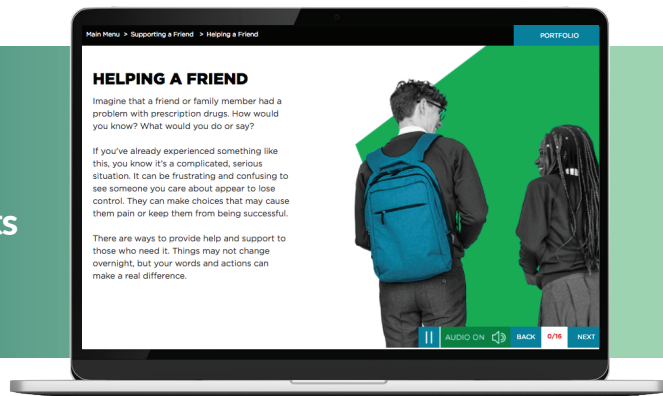

Engaging Content

- Interactive, true-to-life scenarios
- Videos, animations, and quizzes
- Supplemental lesson plans and discussion guides

Implemented in the Classroom

- Educator training and support from dedicated implementation staff
- Students complete the program in as little as 45 minutes
- Aligned with state health education standards

With **1 in 5** high school seniors reporting that they have misused prescription drugs, reaching students earlier is more important than ever.
