

Compassion is when you...
SEE someone is in need
CARE about their feelings
DO something to show you care

The Compassion Project Challenge

Our communities need compassion now more than ever. A simple act of kindness can make impact on someone who needs it. Small actions add up to make a big difference.

The Compassion Project and EVERFI are calling on teachers, parents, and students to demonstrate compassion in your community and share your story with us!

As parents, educators, and citizens, we want our children to grow up in a kinder, more compassionate world, and that starts with early education and regular practice.

See. Care. Do.

Parents and their children are invited to participate in the Compassion Project Challenge in just three simple steps:

1. Log on and complete at least one lesson of The Compassion Project with your child (10 minutes each). Get started [here](#)
2. Demonstrate compassion to someone in your community. Get your whole family involved!
3. Share your story on social media along with photos and videos. Use the hashtag **#SeeCareDo #CompassionProject** and be sure to tag **@EVERFIK12** and your child's school or school district.

The 3 schools with the most student submissions will each receive a **\$1000 gift card** to fund school supplies!

Submission deadline: June 15, 2020
