

Empowering Students with Critical Mental Health Education

| 2020-2023 |

Since the Fall of 2020, HCA Healthcare has partnered with EVERFI, an international technology company driving social impact through education, to bring a digital mental health education initiative to key communities across 17 states nationwide.

The *Understanding Mental Wellness* program is designed to empower students with the knowledge and skills necessary to build, maintain and promote positive mental health in themselves and their peers.

IMPACT SINCE FALL 2020:

ENCOURAGING ACTION

Understanding Mental Wellness helped students build empathy around mental health issues **which can lessen stigma and encourage them to take action**, by seeking out help for themselves or others.

of students agree they are **confident in know what to do to stay mentally healthy**

of students agree this course helped them to **understand how to help a friend in need**

PROMOTING SELF-EFFICACY

Number of students agree that creating a mental health plan helped them feel ready to handle a crisis.

The ability to access and the willingness to use healthy coping strategies — a skillset not all students have the opportunity to develop during the school day — is a critical step in building overall wellness.

The majority of students agreed they know the strategies they can use, and do use them, after taking *Understanding Mental Wellness*.
